

**INDEPENDENT AUDITOR'S REPORT**

**To the Fund Manager and Unit Holders,  
NIC Asia Balanced Fund.**

**Report on the Audit of Financial Statements**

**Opinion**

We have audited the accompanying financial statements of NIC Asia Balanced Fund, which comprise the Statement of Financial Position as at 32<sup>nd</sup> Ashad 2082, and the Statement of Profit or Loss, Statement of Changes in Net Assets and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements gives true and fair view, in all material respects of the financial position of the NIC Asia Balanced Fund as at 32<sup>nd</sup> Ashad 2082, and its financial performance and its cash flows for the year then ended in accordance with Nepal Financial Reporting Standards (NFRS).

**Basis for Opinion**

We conducted our audit in accordance with Nepal Standards on Auditing (NSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the Financial Statements section of our report. We are independent of the Scheme in accordance with the Institute of Chartered Accountants of Nepal's Handbook of Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to our audit of the financial statements in Nepal, and we have fulfilled other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters.

| Key Audit Matter                                                                                                                      | How our audit addressed the key audit matter                                                                                                                                             |

#### **Information Other than the Financial Statements and Auditor's Report Thereon**

Management is responsible for the preparation of the other information. The other information comprises the information included in the Management report and Chairman's statement but does not include the financial statements and our auditor's report thereon. Such information is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read such information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management of the NIC Asia Capital Limited is responsible for the preparation and fair presentation of the financial statements in accordance with Nepal Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the fund ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Scheme or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of NIC Asia Capital Ltd. / Scheme Manager is responsible for overseeing the Scheme's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists. Misstatements can arise from considered material if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As a part of audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statement whether due to fraud or error, design and perform audit procedure responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Scheme's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

As per the requirements of Rule 40(7) and 40(8) of the Mutual Fund Regulations, 2067, we further report that:

- We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
- The Financial Statement dealt by this report are prepared in accordance with Nepal Financial Reporting Standards (NFRS): Securities Act, 2063; Securities Board Regulations, 2064; Mutual Fund Regulations, 2067; Mutual Fund Guidelines, 2069 and other prevailing laws and agree with the books of account maintained by the Scheme.
- The Scheme has invested its funds according to Mutual Fund Regulations 2067.
- During our examination of the books of account of the Scheme, we have not come across any cases where any office holder or any employee of the Scheme has acted in a manner to be detrimental to the interest of the Unit holder.

- During our examination of the books of account of the Scheme, we have not come across any cases where any office holder or any employee of the Scheme has acted contrary to the provisions of law or caused loss or damage to the Scheme.
- The internal audit of the scheme has been conducted during the internal audit of Fund Manager on periodic basis effectively.
- The existence, operating effectiveness and continuity of the Internal control system of Fund manager is satisfactory.
- The operation of the Scheme has been found satisfactory.
- The investment in shares have been valued at their value through profit or loss and debenture have been valued at amortized cost in accordance with the provisions of NFRS.
- There are no such other matters that we felt necessary to disclose to the Unit holders.

NIC ASIA Balanced Fund (the Scheme) under NIC ASIA Bank Mutual Fund (the Fund) is registered under Mutual Fund Regulations, 2067 as a closed-end, diversified investment scheme. The objective of the Fund is to diligently manage the fund with the aim of achieving a high return for unit holders, growth of both capital and income from investment in shares and fixed income securities and conservation of capital. The Scheme commenced its operation on 12 Bhadra 2076 (Scheme allotment date) B.S. with maturity period of 10 years (i.e., 11 Bhadra 2086 B.S.) It was listed in NEPSE on 29<sup>th</sup> Aswin 2076. The Scheme's Financial Statements were approved by the Board of Directors of the NIC ASIA Capital Limited on 18<sup>th</sup> Shrawan 2082 being the Fund Management and Depository Company. Similarly, information regarding the approval of Financial Statements has been shared with Fund Supervisors.

NIC ASIA Bank Limited (NICA) is the Fund Sponsor and NIC ASIA Capital Limited, a subsidiary of NICA duly licensed by Securities Board of Nepal (SEBON), has been appointed as the Fund Manager of the Scheme by the Sponsor after obtaining due approval from SEBON. Further, the Fund Manager is also providing Depository services to the unit holders of the Scheme in line with the prevailing regulations on mutual funds.

#### 1.1. The capital structure of the Scheme is as follows:

| Holder                   | Capacity     | No. of Units      | Holding Amount @ NPR 10 Each | Holding (%) |
|--------------------------|--------------|-------------------|------------------------------|-------------|
| NIC ASIA Bank Limited    | Fund Sponsor | 17,500,000        | 175,000,000                  | 23.18       |
| NIC ASIA Capital Limited | Fund Manager | 1,355,700         | 13,557,000                   | 1.80        |
| General Public           | General      | 56,644,300        | 566,443,000                  | 75.02       |
| <b>Total</b>             |              | <b>75,500,000</b> | <b>755,000,000</b>           | <b>100</b>  |

### 1.2. Net Asset Value (NAV) per unit

The Fund Manager calculates the NAV per unit of the Scheme by deducting the Schemes' liabilities over market value of the total investment and other assets such as interest and dividend receivable, bank balances divided by total number of scheme units on a weekly basis in accordance with the prevailing regulations/guidelines on mutual funds and publishes the same on its official website: [www.nicasia-capital.com](http://www.nicasia-capital.com) every week. The said information is also shared with the Fund Supervisors and the Board members of the Fund Manager. Further, the NAV and Income Statement as at end of every Nepali calendar month is published on a national daily newspaper with prior notification of the same forwarded to the Fund Supervisors & SEBON in writing.

### 1.3. Net Assets Attributable to Unit Holders

Each unit represents a right to an individual share in the Scheme and does not extend to a right to the underlying assets of the Scheme. There are no separate classes of units, and each unit has the same rights attached to it as all other units of the Scheme. The Scheme considers its net assets attributable to unit holders as capital (which includes unit capital, realized and unrealized gain), notwithstanding net assets attributable to unit holders are classified as a liability. The amount of net assets attributable to unit holders can change significantly daily as the Scheme is subject to daily changes in Market Price of equities at Nepal Stock Exchange.

### 1.4. Taxation

Finance Act FY 2078/79 included Mutual Funds under Section 10 of the Income Tax Act, 2058 as tax-exempt entities. TDS on return from the mutual fund (i.e., dividend) paid to an individual is deducted at 5% which is final withholding, and to an entity tax deducted at 15% (which is not final withholding). Therefore, the fund management is of the view that return from the Scheme is duly taxed as per the principle of income tax and is not subject to further tax liability for FY 2081/82.

## 2. SIGNIFICANT ACCOUNTING POLICIES:

### 2.1. Basis of Preparation

#### 2.1.1. Statement of Compliance

These Financial Statements have been prepared in compliance Nepal Financial Reporting Standards (NFRS). The Financial Statements also confirm compliance with the Securities Act, 2063; Mutual Fund Regulations, 2067 and Mutual Fund Guidelines, 2069.

#### 2.1.2. Accounting Convention

The Financial Statements are prepared and presented under the historical cost convention and on the accrual basis in conformity with Nepal Financial Reporting Standards. Except for the following items which were measured or recognized as stated.

Investment Classified as FVTPL are measured at Fair Value

### 2.1.3. Responsibility for Financial Statements

The fund manager is overall responsible for the management of the fund with supervision from Fund Supervisors. The Board of Directors of Fund Manager is responsible for the preparation and presentation of Financial Statements of the fund.

### 2.1.4. Reporting Period of Financial Statements

These financial statements for the year ended 32nd Ashad, 2082. The comparative information covers the period from 1st Shrawan 2080 to 31st Ashad 2081.

### 2.1.5. Functional and Presentation Currency

The functional and presentation currency is Nepali Rupee (NPR), which is the currency of the primary economic environment in which the fund operates. Financial information is presented in Nepali Rupees. There was no change in the fund's presentation and functional currency during the year under review. The figures presented in Financial Statements are rounded to nearest Nepali Rupee.

### 2.1.6. Use of Assumptions, Judgments and Estimates:

In preparing the financial statements management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses. The actual figure may differ from such estimates. Judgments and estimates are used to value the IPO investments.

The changes in underlying assumptions are reviewed on an ongoing basis and revisions to such estimates are recognized prospectively.

### 2.1.7. Financial Instruments

The Fund's principal financial assets comprise financial assets measured at amortized cost (bonds and debenture & Fixed Deposit), financial assets measured at fair value through profit or loss, other assets and cash and cash equivalents. The main purpose of these financial instruments is to generate a return on the investment made by unitholders. The Funds' principal financial liabilities comprise accrued expenses and other payables which arise directly from its operations.

#### a) Classification

##### i) Financial Asset

The Scheme's classifies the financial asset as subsequently measured at amortized cost or fair value based on the Funds Business Model Test for managing the financial assets and the contractual cash flows characteristics of the financial assets as follows:

- **Financial assets measured at amortized cost:**

A financial asset is measured at amortized cost if the asset is held within a business model whose objective is to hold assets to collect contractual cash flows and if the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Handwritten signatures and initials, including one that appears to say 'Zamunda'.

- **Financial assets measured at fair value:**

Financial assets other than those measured at amortized cost are measured at fair value. They are further classified into two categories as below:

- Financial assets are measured at fair value through profit or loss if they are held for trading or are designated at fair value through profit or loss. Such assets are subsequently measured at fair value and changes in fair value are recognized in the Statement of Profit or Loss. It includes Investment in Equity Instruments.
- Financial assets are measured at fair value through other comprehensive income if the investment in an equity instrument that is not held for trading and at the initial recognition, the Scheme makes an irrevocable election that the subsequent changes in fair value of the instrument is to be recognized in other comprehensive income are classified as financial assets at fair value through other comprehensive income. Such assets are subsequently measured at fair value and changes in fair value are recognized in other comprehensive income.

However, Fund does not have investment satisfying the criteria to be classified as Fair Value through Other Comprehensive Income, (FVTOCI)

## ii) **Financial Liabilities**

The Scheme classifies its financial liabilities, as follows:

- **Financial Liabilities at Fair Value through Profit or Loss:**

Financial liabilities are classified at fair value through profit or loss if they are held for trading or are designated at fair value through profit or loss. Upon initial recognition, transaction costs directly attributable to the acquisition are recognized in the Statement of Profit or Loss as incurred. Subsequent changes in fair value are recognized at profit or loss.

- **Financial Liabilities measured at amortized cost:**

Financial liabilities other than those measured at fair value through profit or loss are classified as subsequently measured at amortized cost using an effective interest rate method.

## b) **Recognition / De- recognition**

The Scheme recognizes financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognizes changes in fair value of the financial assets or financial liabilities from this date.

### **De-recognition of Financial Asset**

Fund derecognizes Financial Asset when the contractual right to receive cash flows from the financial asset expires or the Scheme has transferred right to receive the contractual cash flows in a transaction in which substantially all risks and rewards of ownership of the financial assets are transferred.

Realized gains and realized losses on de-recognition are determined using the average method and are included in the profit or loss in the period in which they arise. The realized gain is the difference between the fair value and average cost and disposal amount net of cost to sale.

### De-recognition of Financial Liabilities

A financial liability is derecognized when the obligation under the liability is discharged or canceled or expired. The difference between the carrying value of the original financial liability and the consideration paid is recognized in the Statement of Profit or Loss.

### c) Measurement

#### Initial Measurement

A financial asset or financial liability is measured initially at fair value. However, the transaction costs of financial assets carried at fair value through profit or loss are now recorded separately under the heading "Transaction cost" in accordance with the NFRS 9 Financial Instruments.

#### Subsequent Measurement

A financial asset or financial liability is subsequently measured either at fair value or at amortized cost based on the classification of the financial asset or liability.

Financial Asset or Liability classified as measured at amortized cost is subsequently measured at amortized cost using an effective interest rate method.

Financial assets classified at fair value are subsequently measured at fair value. The subsequent changes in fair value of financial assets classified as fair value through profit or loss are recognized in Statement of Profit or Loss whereas of financial assets at fair value through other comprehensive income are recognized in other comprehensive income. However, equity instruments classified under this category, the transaction cost during purchase of such instruments are expensed off immediately in statement of profit or loss.

### Measurement of Financial Assets/Liabilities at Fair Value

The Scheme measures and recognizes the following assets and liabilities at fair value on a recurring basis:

- Financial Assets / Liabilities at Fair Value
- Financial Assets / Liabilities Held for Trading

### Fair Value Measurement

NFRS 13 requires disclosure of fair value measurements by level of the following fair value hierarchy.

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (Level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3)

### **I. Fair Value in an Active Market (Level 1)**

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

The quoted market price used for financial assets held by the Scheme is the current bid price; the appropriate quoted market price for financial liabilities is the current asking price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from NEPSE and are traded frequently.

### **II. Fair Value in an Inactive or Unquoted Market (Level 2 and Level 3)**

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques.

- Equities which are listed but no transactions are made within last 30 days is valued at 180 days Closing Average Market price provided by NEPSE and Equities which are listed but no transactions are made within last 180 days is valued taking lower of cost of acquisition or net book value of the stock as published in the latest quarterly report.
- In case of a trading halt of the script due to merger & acquisition, the last traded price should be taken.
- In case of unprecedented events, where no prescriptive guidelines are proposed to value securities/ portfolios. Following type of events could be classified as unprecedented events where current market information may not be available/ sufficient for valuation of securities:
  - Major policy announcements by Government or NRB or other regulatory Parties
  - Natural Disasters, Disease Outbreak, Wars, or any other events that create public disturbances which force the market to close unexpectedly.
  - Under such circumstances Assets Management Company shall seek the guidance of the company's board in deciding an appropriate methodology for valuation of the stocks.
  - However, the above events will not be accounted for valuation as above, stocks trading within 30 days.
- IPO (Initial Public Offerings) investments shall be valued as:
  - IPO investments are investments made to apply for the securities in IPO till Listing.
  - IPO investments are valued as advance for application amount till allotment at exact amount applied for.
  - After allotment of IPO till listing and if listed but not traded, IPO investments are valued at investment value.

Right share shall be valued as: Right share after book closure but before allotment shall be valued as theoretical ~~ex right price~~ for the number of units eligible for rights. After allotment till listing, the right share will be valued as listed equities.

### 3. Financial Asset Measured at Amortized Cost

Bonds and Debenture are classified under financial assets measured at amortized cost.

In NPR

### 16.1. Expenses and Service Fees

All Expenses are accounted on an accrual basis. Following Fees incurred by the Scheme:

- Fund Management Fees: 1.50% of Net Assets Value (NAV) \*
- Depository Fees: 0.20% of NAV \*
- Fund Supervisor Fees: 0.10% of NAV \*

NAV for this purpose is computed based on quarterly average of weekly NAV. The fee is booked quarterly at the end of every quarter of the financial year.

### 16.2. Employees Related Expenses:

There are no current and future employee-related expenses and liabilities as the Scheme is managed by NIC ASIA Capital Limited.

### 16.3. Fund Management, Depository and Supervisor Fee

Total Fund Management, Depository and Fund Supervisor Fees are calculated and recognized as per the mutual Fund Regulation, 2067. The total fees charged for full period 1<sup>st</sup> Shrawan 2081– 32<sup>nd</sup> Ashad 2082) are as follows: -

| In NPR |                     |                |                |

## 17. Other Information

### 17.1. Financial Risk Management

The Scheme's activities expose it to a variety of financial risks: market risk (including price risk and interest rate risk), credit risk and liquidity risk.

The Scheme's overall risk management program focuses on ensuring compliance with the NIC ASIA Capital's investment policy. It also seeks to maximize the returns derived for the level of risk to which the Scheme is exposed and seeks to minimize potential adverse effects on the Scheme's financial performance.

All securities investments present a risk of loss of capital. The maximum loss of capital on long equity and debt securities is limited to the fair market value of those positions.

The management of these risks is carried out by NIC ASIA Capital Limited, the fund management company. The fund supervisors provide principles for overall risk management, as well as written policies covering specific areas, such as interest rate risk, credit risk and non-derivative financial instruments and the investment of excess liquidity.

The Scheme uses different methods to measure and mitigate different types of risk to which it is exposed.

### 17.1.1. Market Risk

#### a. Price Risk

The Scheme is exposed to equity securities price risk. This arises from investments held by the Scheme for which prices in the future are uncertain. The paragraph below sets out how this component of price risk is managed and measured. Investments are classified in the statement of financial position as at fair value through profit or loss and assets. All securities investments present a risk of loss of capital. The maximum risk resulting from financial instruments is determined by the fair value of the financial instruments.

The NIC ASIA Capital's investment policy is to manage price risk through diversification and selection of securities and other financial instruments within specified limits set by the management company.

NIC ASIA Capital's investment policy requires that the overall market position is monitored daily by the Fund Management Company.

#### Investment Threshold

As per the Mutual Fund Regulation, 2067 investment in fixed deposit cannot be made more than 15% of Gross Net Asset Value of the scheme. The scheme has invested in 3.48% Fixed Deposit as of Ashad end, 2082

#### b. Foreign Exchange Rate Risk

The Scheme is not exposed to fluctuations in exchange rates. The Scheme's all investments and transactions are denominated in NPR.

#### c. Cash Flow and Fair Value Interest Rate Risk

The Scheme is exposed to cash flow interest rate risk on financial instruments with variable interest Rates.

Financial instruments with fixed rates expose the Scheme to fair value interest rate risk. The Scheme's interest-bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows.

The Scheme has direct exposure to interest rate changes in the valuation and cash flows of its interest-bearing assets and liabilities. However, it may also be indirectly affected by the impact of interest rate changes on the earnings of certain companies in which the Scheme invests and impact on the valuation of certain assets that use interest rates as an input in their valuation model. The Scheme's policy is to manage price risk through diversification and selection of securities and other financial instruments within specified limits set by the management company.

### 17.1.2. Credit Risk

The Scheme is exposed to credit risk, which is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The main concentration to which the Scheme is exposed arises from the Scheme's investments in debt securities. Credit risk on cash and cash equivalents, other receivable balances. In accordance with the Scheme's policy, the Management Company monitors the Scheme's credit position daily. The Scheme can maximize the returns derived for the level of risk to which the Scheme is exposed.

### 17.1.3. Liquidity Risk

Liquidity risk is the risk that the Scheme may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

Its policy is therefore to invest most of its assets in investments that are traded in an active market or can be readily disposed of.

The Scheme's listed securities are considered readily realizable, as all are listed on the Nepal Stock Exchange.

In accordance with the NIC ASIA Capital's investment policy, the Management Company monitors the Scheme's liquidity position daily.

### 17.2. Related Party Transactions

#### Related Parties:

- I. Fund Sponsor: NIC ASIA Bank Limited
- II. Fund Manager and Depository: NIC ASIA Capital Limited, a subsidiary of the Sponsor.
- III. Shareholders holding substantial interest in the Fund Manager:
  - NIC ASIA Bank Limited
- IV. Subsidiaries of Major Shareholders of Fund Manager with whom the Scheme transacted:
  - None

The Scheme has entered transactions with related parties which are required to be disclosed in accordance with Accounting Standard – on 'Related Party Disclosures'.

- a. Unit Holding of NIC ASIA Bank Limited (Fund Sponsor) amounts to NPR 175,000,000 (at par value of NPR 10 per unit).
- b. Unit Holding of NIC ASIA Capital Limited (Fund Manager) amounts to NPR 13,557,000 (at par value of NPR 10 per unit).
- c. NIC ASIA Balanced Fund has earned interest amounting to NPR 2,633,602.29 (Two Million Six Hundred Thirty-three Thousand Six Hundred Two and 29/100 Rupees Only) from NIC ASIA Bank Limited.
- d. Fund Management and Depository Fee incurred by NIC ASIA Balanced Fund during the year amounts to NPR. 14,355,640 (out of which NPR 3,568,744 is still payable to NIC ASIA Capital Limited).

### 17.3. Contingent Liability

There is no contingent liability in respect of underwriting commitments, uncalled liability on partly paid shares and other commitments.

### 17.4. Reporting

The Fund Manager has been reporting its Fund Management Activities to its Board and the Fund Supervisor on a monthly basis while the statutory reports are also forwarded in line with the prevailing regulations/guidelines on mutual funds.
